Rabobank Group Annual Report 2008 available

We are pleased to announce the publication of the Annual Report and Consolidated Financial Statements 2008 of Rabobank Group on the internet.

Rabobank is one of a few large international banks that have shown an increase in profit and on top of that an increase in equity. We are proud to have succeeded in obtaining good results in the turbulent year 2008.

At Rabobank Group we highly value sustainability. We therefore publish all our reports on the internet, so we can reduce the number of hardcopies. You can find the Annual Report and Financial Statements 2008 on www.annualreportsrabobank.com. The Sustainability Report will be added to the website in the second half of May 2009.

We fully understand you would like to receive the hardcopy version of these reports and wish to provide you with the easiest way to obtain these. Please send us an [email](#) stating your contact details and the reports you would like to receive or fill out the [request form](#) on our website.

More information on Rabobank, its performance, activities, strategy and funding programmes can be found on the [Investor Relations website](#). Feel free to [contact](#) us should you have any queries.

Yours sincerely,

Investor Relations
