## Rabobank Group Annual Report 2007 available

We are pleased to announce the publication of the Annual Report 2007 and Sustainability Report 2007 of Rabobank Group on the internet.

The theme of the Annual Report is 'sustainability' - one of Rabobank Group's core values, along with respect, integrity and professionalism. It ties naturally with our cooperative origins and is one of the pillars supporting our growth strategy. What is more, we aspire to be one of the leading global banks when it comes to sustainable development.

In line with these developments Investor Relations has decided not to distribute the reports automatically anymore. We cordially invite you to read the new, comprehensive online versions of the reports which can be consulted and downloaded via the following links:
