- if we have a statutory obligation to do so;
- in order to enter into an employment contract with you and subsequently perform this contract;
- based on a legitimate interest on COÖPERATIEVE RABOBANK U.A.'s part.

2.1 For what purposes do we process personal data?

We process personal data for the following purposes:

a. Human resources

We require your personal data in order to be able to properly conduct our R&S process. This includes assessing whether you are suitable for the position and whether we would like to invite you for an interview. Another reason might be to produce an access card, which you require in order to enter the building. COÖPERATIEVE RABOBANK U.A. pursues a diversity policy because we want our employees to reflect the larger society.

b. Health, safety, security and ethics (including pre-employment screening)

Like all other financial institutions in Argentina, COÖPERATIEVE RABOBANK U.A. subjects future employees to a background check. We are required by law to do so. Our screening procedures apply to all applicants who are potential COÖPERATIEVE RABOBANK U.A. employees. We attempt to ascertain as accurately as possible whether you, as an applicant to the bank, are sufficiently trustworthy. A positive outcome of the background check is, obviously, a condition for getting hired.

We may also use data for this purpose which we obtain from third parties, including former employers (through references we received from you) and recruitment agencies. We may also consult public sources during the job application process, including publicly accessible and professional social media (if this is relevant to the position and is specified in the job advert).

We also record personal data in order to protect the interests of our employees, visitors, the bank and the financial sector. We do this, among other things, through the camera security system.

c. Business reports and analysis and organizational development

We may process your data to create business reports, surveys and analyses. We may also merge the various data we possess on you, for example to improve the R&S reports (e.g. the number of job openings, number of applicants and the time it takes to fill these vacancies). The results of the analyses and the resulting recommendations can never be traced back to you.

d. Statutory requirements

We collect data relating to you based on the Personal Data Protection Act No 25.326 and the Regulation approved by Decree No 1558/2001.

e. Protection of job applicants' vital interests

We may process data in order to protect your vital interests, e.g. your medical details. Suppose you are in acute danger (and have lost consciousness) and are no longer able to give consent for your medical details to be shared. In this case, these details are vital in order to be able to provide you with immediate assistance.

3. Do we also process special categories of personal data?

By 'special categories of personal data', we mean various types of sensitive data. This data may relate to a person's health, criminal record, and data regarding race or ethnic background. We participate in the *incident registers and alert systems* for the financial industry and may process criminal-law data for this purpose. The purpose of incident registers and alert systems is to protect the interests of financial institutions, of you as a job applicant, and of our customers. One of the ways in which we do this is through fraud detection. If you ask us to record special categories of personal data relating to you or are disclosing this data yourself, we will only process this data if there is a clear purpose, there are grounds to do so, and this is necessary for the purpose. Special categories of personal data may also be processed, for example photographs or video recordings of you. This includes any pictures you might have enclosed with your CV, as well as camera footage recorded of you on entering the building. We process this camera footage solely for the protection of the property of COÖPERATIEVE RABOBANK U.A. and its employees, and for other security reasons.

4. How do we handle your personal data?

Your personal data is used exclusively by employees who require access to this data on account of their position. The employees who are involved in your application process are bound by confidentiality. We only reuse data if the original data is related to the new purpose.

5. How do we deal with third parties?

Sometimes we engage the services of third parties, which process personal data on our behalf. This includes external recruitment agencies and research companies. We can only engage third parties if this suits the purpose for which we processed your personal data and this is sufficiently reliable. Furthermore, we will only hire the services of such a third party or parties if they have implemented the appropriate security measures and guarantee confidentiality. If your application process includes an assessment, we will notify you in advance and will only save the report to your job application file once you have approved the accompanying report.

6. How long do you keep my details?

If your job application was unsuccessful, we will delete your personal data within 1 (one) year of completing the application process. This includes all application details, e.g. your job application letter, CV, email exchange, and the results of background checks and/or assessments, if applicable. If we do need to retain your personal data for a longer period of time, e.g. for future job vacancies, we will ask for your consent. You can revoke this consent at any time.. If you are joining COÖPERATIEVE RABOBANK U.A., we will keep the job application file 5 (five) years following your termination of employment.

You have the option to object to the processing of your personal data. In this case, we will make a reassessment in order to verify that it is accurate that your data can no longer be used for this purpose. We will also always inform you of our decision. If the decision is unacceptable to you, you can submit a complaint to the COO of Rabobank Argentina who can be reached via email at fm.ar.ba.PrivacyRabobankArgentina@rabobank.com.

7.6 Procedure

If you submitted one of the requests described above, we will respond to your request within one month of receipt. Depending on the number of requests received and the complexity of the request(s), the period may be extended by another two months. We will, of course, keep you updated on the progress of your request. If the data you provided also contains third-party data, such third party may be requested in advance whether they object to their data being processed. You may be asked to further specify your request. We may also ask you to provide ID because we want to make certain that we are providing data to the right person. In some cases we may not be able to honor your request. For example, we will not delete the data if it is of significant importance to us or if there is a statutory obligation to retain it. We will notify you if this is the case.

8. Where can I address my question or complaint?

For questions or complaints about the processing of personal data, you can contact the division to which you applied or the Legal and Compliance Department, who can be reached via fm.ar.ba.PrivacyRabobankArgentina@rabobank.com.
